

HOW TO USE INSTRUCCIONES DE USO

Sani Professional® Advanced Disinfecting Multi-Surface Wipes

Paños desinfectantes multiusos avanzados Sani Professional®

P31000

To Disinfect Hard, Nonporous Surfaces:

Para desinfectar superficies duras y no porosas:

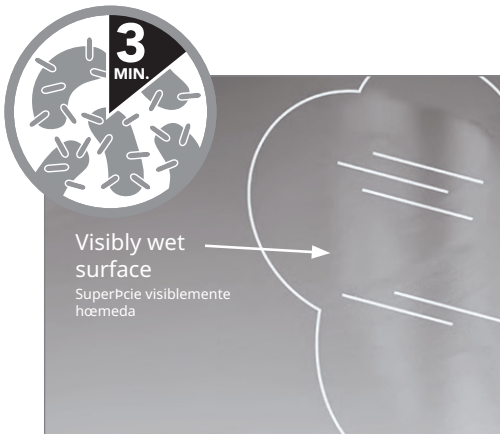

1 Pull the wipe down at an angle through the small opening.

Tira del paño hacia abajo en ángulo a través de la pequeña abertura.

2 Use a wipe to remove visible soil prior to disinfecting. Unfold a clean wipe and thoroughly wet surface.

Use una toallita para eliminar la suciedad visible antes de desinfectarla. Despliegue una toallita limpia y humedezca bien la superficie.

3 Allow surface to remain visibly wet for three (3) minutes. Let air dry. A potable water rinse is required for food contact surfaces.

Deje que la superficie permanezca visiblemente húmeda durante tres (3) minutos. Deje que se seque al aire. Se requiere un enjuague de agua potable para las superficies en contacto con alimentos.

4 Toss wipe.
Tirar toallita

Desinfecta en 3 minutos

Elimina 45 microorganismos

Use On Surfaces Made Of:

Usar en superficies hechas de:

- Acrylic
- Finished woodwork
- Formica®
