Sani Professional[®] **Limpieza** termómetro para alimentos toallita para sonda

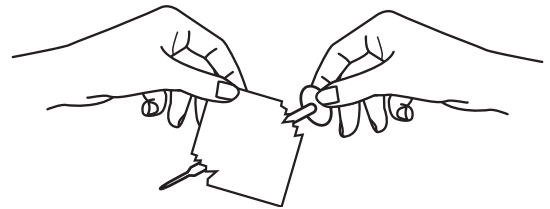

Pre-moistened, ready-to-use alcohol wipe that is specially formulated to clean the probe portion of food thermometers after use.

Toallita con alcohol prehumedecida, lista para usar, especialmente formulada para limpiar la parte de la sonda de los termómetros para alimentos después de su uso.

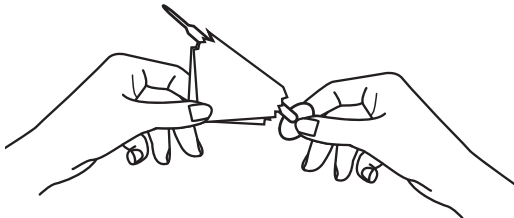

- 1** Tear two opposite corners off the swab packet.
Rasga dos esquinas opuestas del paquete del hisopo.

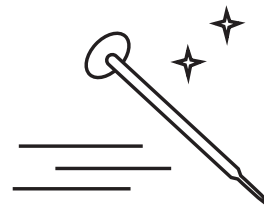

- 2** Insert the probe through the packet.
Inserte la sonda a través del paquete.

- 3** Fold the packet around the probe and thoroughly swipe it over the probe portion of the thermometer. Rinse with clean water.
Doble el paquete alrededor de la sonda y páselo cuidadosamente por toda la parte de la sonda del termómetro. Enjuague con agua limpia.

- 4** Let air dry.
Deje secar al aire.
